'We Don't Buy Crime' – Crime Reduction Opportunity

Aim

Upper Tier Local Authority Councillors have access to financial support for reducing acquisitive crime. The PCC is offering a 25% contribution Smartwater and free signage increasing the 'We Don't Buy Crime' (WDBC) areas across West Mercia.

Policy

- John Campion has set aside funding for local authority councillors and their partners to make applications to him for a 25% contribution to the purchasing of Smartwater. He will also support by procuring the required signage.
- Upon receipt of the agreed 75%, the PCC's offer will be activated, releasing the 25% of kits to the council.
- There will be the option for the councillor/partner to provide some personalisation with the name of the area on the A1 signs which are required at all main entry and exit points. Smaller signs are pre-formatted and standardised.
- At least 70% of the selected area must be saturated with Smartwater, this is the appropriate and required level to deliver the reduction and to receive the free signage
- The offer requires the West Mercia 'We Don't Buy Crime Officer' to be the single point of contact for councillors and/or their partners to co-ordinate the initiative
- The timescale during which initial funding must be spent is 01/06/2018 – 31/03/2020.
- Applications should be sent to John Campion's office for approval. No spend should be incurred before this.
- The availability of a single point of contact within the safer neighbourhood team will be sought for the planning and implementation of the scheme but it is expected that the councillors and/or their partners provide local volunteers/colleagues in addition to this.
- There is no formal requirement to report back to the PCC on outcomes as burglary for the area will be tracked.
- The financial contribution for each grant (there is no upper or lower level limit) will be logged and processed by the PCC.
- There will be no commitment to renew, increase or continue funding beyond the approved terms.

'We Don't Buy Crime' – Crime Reduction Opportunity

Stage 1

1. The PCC promotes that the WDBC grant round is open to receiving applications (via website, social media platforms, formal letter). West Mercia Police also promote the WDBC scheme in their local communities and direct Cllr's to make an application via the website

2. The councillor will read the policy and procedure, terms and conditions and then complete an application form returning it to grants@westmercia.pnn.police.uk for the attention of the Commissioning Officer

3. The PCC acknowledges receipt of the submission (via auto message) and then assesses each application. This will include sharing information about the application with the WDBC team and OPCC colleagues. The PCC's Officers may contact the applicant for more information.

4. A member of the Commissioning Team and a WDBC Officer will consider the application received and make decisions regarding the funding and any additional conditions

5. If an offer of grant funding is agreed by the PCC, a grant offer letter will be issued within 14 working days of submission of the form. The accompanying acceptance form must be returned by the date specified. This will then trigger stage 2 of the procedure.

Stage 2

6. A WDBC Officer arranges a meeting with the Cllr to formalise the approved application i.e. discuss practicalities, arrange a date to present to the SNT SPOC and volunteers administering the scheme, discuss a potential community launch date, ideas for 'roll out' etc.

7. The Cllr orders and receives 75% of Smartwater kits. This enables the WDBC Officer to release the PCC's 25% of granted kits

8. The community launch date goes live and as many kits as possible are registered to residents on the day.
NB: there may be a need for additional volunteer/support time to administer further deliveries

9. Once the 70% saturation target has been met, the free (funded by the PCC) signage is erected and installation is complete for the area.

10. Burglary for the WDBC area is monitored by a Smartwater analyst in partnership with West Mercia Police. Updates are provided to the WDBC team, Councillors, partners and the PCC in a timely manner.

NB: The PCC's Communications and Engagement Team must be notified at stage 5 and 10, and prior to stages 8 and 9
